aaaart.online's next exhibition: A Breath of Fresh Art

Planning is well on its way underway for our August exhibition. We will be exhibiting at the Petrie Gallery in Brisbane. This is a first time in this space. And we are in there — just four weeks after Kenilworth so this will be a quick turnaround for us. Opening Tuesday, 30 August and closing 4 September.

There are 47 linear meters of wall space but we feel this can accommodate two pictures on each meter of wall... so the exhibition may hold around 80-90 paintings. There are 8 plinths available and 3 trestle tables. We will be offering: Framed Fine Art, Framed Prints, 3d Sculpture, Unframed Art in baskets, Unframed prints on racks, cards at Petrie.

Key Dates –

Bump in – Tuesday 30 AUGUST @11:00

Closing Party - Sunday 4th Sept 1-3 pm

Gallery Open - Tuesday – Sunday 10-3:30

Bump out Sunday, 4 SEPT @ 3:30 pm

Petrie will be doing labels and create a program/pricelist for guests. They do this through an online system

<https://airtable.com/shroLZYvugNhfvLh>

Petrie is a volunteer run organisation, so they have asked us to host/hostess EACH day the exhibition is on. As they are open 10-3:30 its probably best to organise this into 2 - 3 hour sessions. Consider taking some art to work on, Vashti (their creative director) says this attracts people walking by to come in and visit the gallery.

Parking is not allowed on Petrie Terrace during peak drive time, so we're organising a Closing Party with the Artists on Sunday from 1:00 - 3:00pm.

Costs:

\$30 per linear meter you sign up for (aka 2 pictures)

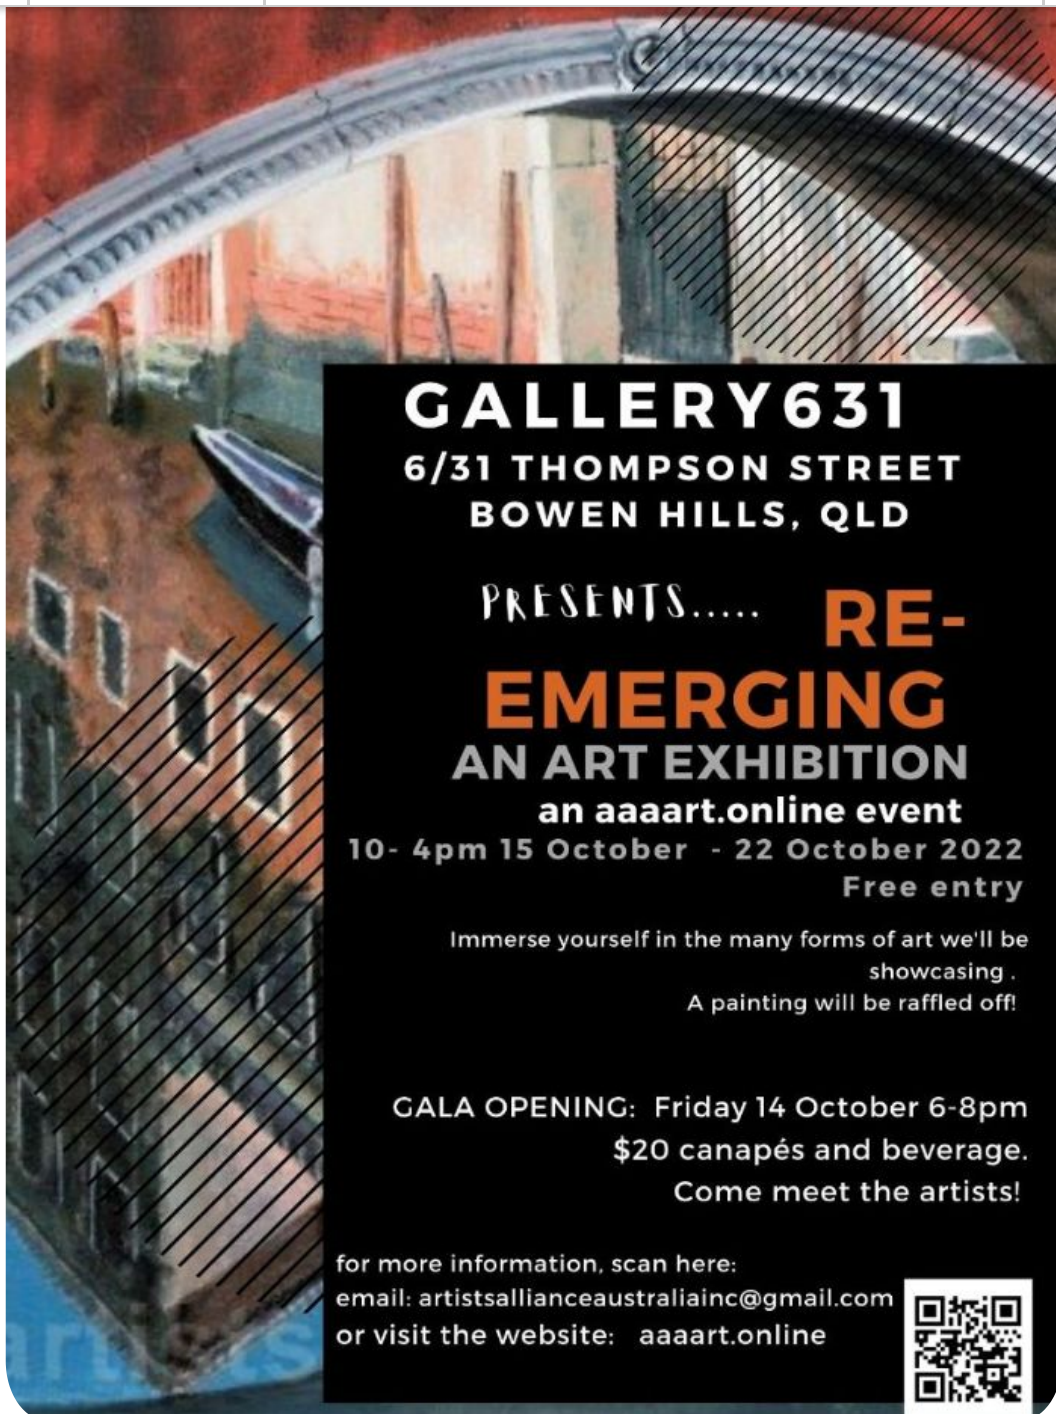

21% sales commission - Petrie takes 11%, aaaart.online will take 10%

Publicity:

Petrie is already advertising the exhibition to their newsletter subscribers. We will be seeking a community service announcement in the Brisbane Times and scenestr (local art mag) as well as on the local radio stations: 4MMM /4zzz, 4BC, 4KQ, 97.3fm . Of course, we have flyers to distribute!

Your dream team went to visit the space on Tuesday. Its a nice space. Fantastic lighting system, professional hanging system and plenty of wall plugs. There are two galleries.. we are taking the main gallery which is street level, the other is a studio gallery upstairs.
